

'Friends' Publication List

Thank you for becoming a 'Friend' to The PSP Association; your support is very much appreciated and will make a tangible difference to our work for people with PSP.

*To ensure we keep our administrative and fundraising costs to the minimum we ask all our 'Friends' to indicate what information they would like to receive (we may well change the contents of this list, and in any event, we will be writing to you on an annual basis to ask you to (re)select the items you would like to receive, conversely if you wish to make changes sooner, please do not hesitate to contact the charity). Please take a few minutes to complete this form and **return to us in the enclosed pre-paid envelope.***
