

CBD Bibliography

- Brunt, E
 Van Weerden, T
 Pruijm, J et al
 Unique myoclonic pattern in corticobasal degeneration.
Movement Disorders, 1995; 10(2): 132-42
- Cooper, AD,
 Josephs, KA
 Photophobia, visual hallucinations, and REM sleep behavior disorder in progressive supranuclear palsy and corticobasal degeneration: A prospective study. Parkinsonism & Related Disorders, Volume 15, Issue 1, January 2009, Pages 59-61
- Feany, M
 Dickson, D
 Widespread cytoskeletal pathology characterises corticobasal degeneration.
American Journal of Pathology, 1995; 146(6): 1388-96.
- Feifel, E
 Brenner, M
 Teiwes, R
 et al
 Corticobasal degeneration. The significance of clinical criteria for establishing the diagnosis [Review] [German]
Nervenarzt, 1994; 65(10): 653-9.
- Frisoni, G
 Pizzolato, G
 Zanetti, O
 et al
 Corticobasal degeneration: neuropsychological assessment and dopamine D2 receptor SPECT analysis.
Eur. Neurol., 1995; 35(1): 50-4
- Hargrave, R
 Rafal, R
 Depression in corticobasal degeneration [letter].
Psychosomatics, 1998; 39(5): 481-2.
- Hauser, R
 Murtaugh, F
 Akhter, K et al
 Magnetic resonance imaging of corticobasal degeneration.
Journal of Neuroimaging, 1996; 6(4): 222-6.
- Ikeda, K
 Akiyama, H
 Iritani, S
 et al
 Corticobasal degeneration with primary progressive aphasia and accentuated cortical lesion in superior temporal gyrus: case report and review.
Acta Neuropathologica, 1996; 92(5): 534-9.
- Jendroska, K
 Rossor, M
 Mathias, C
 Morphological overlap between corticobasal degeneration and Pick's disease: a clinicopathological report.
Movement Disorders, 1995; 10(1): 111-4.
- Sakurai, Y
 Hashida, H
 Uesugi, H
 et al
 A clinical profile of corticobasal degeneration presenting as primary progressive aphasia.
European Neurology, 1996; 36(3): 134-7.
